
parent directory windows 7 39

7. Pit privies must have fly tight pits, including self-closing risers and screened vents. There must be no openings into the pit where insects may gain entry.

8. Adequate lighting or ventilation and screens on windows or doors must be in good condition and effective against the entrance of insects.

NOTE: Flush toilets, pit privies, and chemical toilets are acceptable.

NOTE: Small family operations not employing persons on the dairy operation may be allowed to use their residence facilities provided the toilet room in their residence is convenient to the milking operation.
